

**The Long Island Divers
Association,
Life Support Technologies Inc., &
Nassau University Medical Center
proudly present,**

**Our Local Dive Boat Captains Share
An Introduction, History, and Stories of
“Diving Long Island’s Best Offshore Wrecks”**

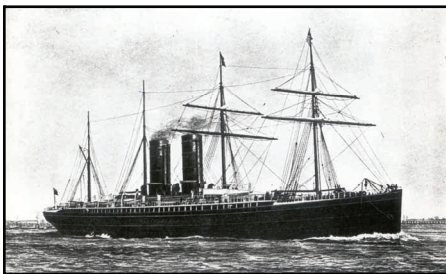

Norness

**Tuesday
August 26, 2008
8:00PM
at the NUMC
Amphitheater**

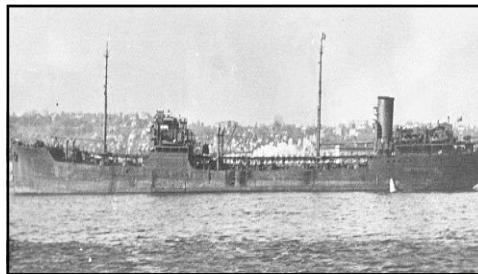

Directions: Wantagh Parkway to Hempstead Turnpike West or Meadowbrook Parkway to Hempstead Turnpike East. Nassau University Medical Center is halfway between the Wantagh and Meadowbrook Parkways, on the North side of Hempstead Turnpike. Go to the main entrance and ask for the Amphitheater.

The sequel to our June Seminar, *“Diving Long Island’s Best Inshore Wrecks”*, this presentation will once again feature our local dive boat captains shifting their focus to some of their favorite offshore wrecks. These are the wrecks that are the payoff for divers with the training and experience gained from years of diving. These are the shipwrecks that put Long Island up front and stage center in the spotlight of the wreck diving community. These are the wrecks that make Long Island one of the best wreck diving destinations in the world.

The Captains will take turns presenting some of their favorite offshore wrecks, along with photos videos and their most memorable stories. This is a great opportunity for new and experienced divers alike to hear from the Captains themselves about some of the more challenging and rewarding wreck sites that are available in our area. Our local dive boat Captains are some of the most experienced divers and Captains you will find anywhere. Don’t miss this opportunity to get a glimpse into deeper local wreck diving from those that make it happen.

Oregon

Coimbra

Andrea Doria

FREE to Long Island Divers Association members, \$5.00 for all others.

All vehicles parked at the NUMC parking facility are subject to parking fees, currently max \$5.25 to closing.

Space is Limited. Reserve now, while spots are available.
